To Whom It May Concern

This is to certify that Mr. Rishabh Vishwakarma successfully completed an internship at Cyborn as Software Developer Intern for a period of 6 weeks, from 15th June 2026 to 31st July 2026.

During his internship, Rishabh was involved in the development of our Android application, with a key focus on building the user interface independently and preparing the app for its release on the Play Store and optimising its performance based on the user feedback.. He demonstrated strong initiative, a willingness to learn, and the ability to work with minimal supervision.

Rishabh showed commendable confidence in taking ownership of tasks, adopted AI-assisted development tools effectively, and consistently contributed to the progress of the product during his tenure.

Owing to his excellent performance during the internship, his internship has been extended further.

Warm regards,

Harish
